Charlotte, NC*

*Translating Information,
Transforming Lives*

*Be part of the Chromosome 18 Annual Family Conference.
Your organization can make a difference in the lives of the
special-needs children and families affected by chromosome
18 abnormalities.*

Chromosome 18

29th Annual Family Conference

Three days of families coming together to share, discover, build friendships, and better understand chromosome 18 abnormalities. This annual event is the cornerstone of what the Registry does. The conference truly highlights the impact of research and education for our families and demonstrates why funding both is vitally important to every family affected by chromosome 18 conditions.

Self-Advocate quote:

"This is the only place on earth where I meet people who are just like me!"

Please contact Neale Parker at parkern@chromosome18.org or (210) 657 4968
